Add a touch of contemporary chic to your timber floor with ArmourFloor® Moda pre-finished flooring. Moda offers a range of rich contemporary colours to help you create the perfect mood for every room.

Armourfloor® Moda flooring provides an economical alternative to on-site staining, and without the mess and odours.

Combining the quality of traditional Big River engineered construction (5 layers of hardwood) with a high quality finish, ArmourFloor® Moda is ready to be installed and walked on the same day.

- > 10 individual colours
- > Fast and easy installation
- > No mess or odours
- > More economical than on-site staining

Boards are stained and coated at the factory to ensure consistent and even colour and a quality finish.

The UltraCote matt finish has a low 20% reflectivity to enhance the grain of the timber.

- > Lifetime structural warranty
- > 25 year surface warranty (domestic installations)
- > Commercial quality coating
- > Two board widths: 138mm, plus extra-wide 226mm

Moda Ashen 138mm
